

It's that time again!

Thank you for using CBF's missions education resources this year. As you begin to wind down this year, it's not too early to begin thinking about next year. Some of the upcoming topics for next year include:

- | | |
|-------------------------------|---------------------------|
| Medical Ministry in Keyna | Urban Ministry in Canada |
| Women in Ministry | Roma Ministry in Slovakia |
| HIV Ministry in New York City | Church Planting in Mexico |

Next year will feature new things for the resources as well. An updated **Media Disc** containing videos is available to support the units of study for all of the resources. **Ignite** Vol. 5 has been completely revamped as a youth Bible study through a missional lens. Each unit includes four sessions that can be used in a variety of youth group settings, on Wednesday or Sunday night, Sunday morning, or a retreat. With the starting point of the biblical story enhanced with current examples of missional Christians, including their peers, teenagers will be challenged to follow the example of Christ to love and serve others. **Ignite** Vol. 5 is available exclusively as a downloadable resource.

You can renew your missions education order in three easy ways:
